MESSAGE FROM THE STATE SUPERINTENDENT OF EDUCATION

To: The Honorable Phil Bryant, Governor
 The Honorable Tate Reeves, Lieutenant Governor
 The Honorable Phillip Gunn, Speaker of the House
 The Honorable Members of the Mississippi Legislature
 The Honorable Statewide Elected Officials
 The Citizens of the State of Mississippi

I am pleased to submit to you on behalf of the Mississippi Board of Education (MBE), the Annual Report of the State Superintendent of Education for the 2010-2011 academic school year. In accordance with the requirements of Section 37-3-11 of the Mississippi Code of 1972, Annotated, this report contains pertinent financial, statistical and other important information at the state and local school district levels for your review.

The MBE, with advice from the State Superintendent of Education, establishes and maintains a system-wide plan of performance, policy and direction for public education in Mississippi. The MBE adopts and maintains a curriculum and a course of study to be used in public schools that is designed to prepare Mississippi's students to become productive citizens, parents, employees and leaders. The MBE also regulates all matters arising in the practical administration of the school system not otherwise provided for and regulates issues such as curriculum, teacher standards and certification, student testing, accountability and school accreditation.

On behalf of the members of the MBE, the staff of the Mississippi Department of Education and myself, I would like to thank you for the good work that you have done, and will continue to do, in terms of improving educational opportunities in our great state. I look forward to working with you this year in support of our public schools.

If you would like to view this report online, please visit <http://www.mde.k12.ms.us>. Please do not hesitate to contact me if you have questions regarding the contents of this report or if I may be of assistance in any other way.

Sincerely,

A handwritten signature in black ink that reads "Tom Burnham". The signature is written in a cursive, flowing style.

Tom Burnham

Mississippi State Board of Education

Vocational Education

OFFICE OF CAREER AND TECHNICAL EDUCATION SUPERINTENDENT ANNUAL REPORT OVERVIEW 2010-2011

Career and technical education programs administered by the Office of Career and Technical Education (OCTE) prepare all students for new jobs, roles, technologies, and responsibilities in order to develop a competent workforce to support and enhance Mississippi's economy. The delivery system is effective and responsive to changing needs of business and industry. OCTE programs are part of an integrated educational delivery system that accommodates every secondary and postsecondary school district and provided instructional services to 180,257 Mississippians last year.

Career and technical programs in secondary, postsecondary, short-term adult, industry training, and business and industry partnership settings, enable students to acquire needed skills and abilities and achieve their educational and occupational goals. Programs include: Agriculture, Family & Consumer Sciences, Marketing, Trade and Industrial Education, Cooperative Education, Health, Technical Education, Business Education, Science and Technology, and Short-Term Adult Programs to meet local needs.

SECONDARY PROGRAMS:

Eighty-three (83) Career Discovery (000251) programs introduced 18,144 seventh-grade students to career opportunities and the skills needed to develop and implement individual student career/educational plans that reflect student aptitudes, interests, and abilities. The programs provide experiences and activities that promote self-awareness, career exploration, and educational planning related to student's educational and occupational plans.

One-hundred one (101) Computer Discovery (000252) programs exposed 21,961 eighth-grade students to a multimedia environment in which they developed computer skills, keyboarding, using operating systems (Windows), and file management. Real-world applications in word processing, graphics, databases, telecommunications, spreadsheets, and desktop publishing make the course exciting, relevant, and challenging.

Seventy-three (73) Technology Discovery (000253) programs enabled 13,889 ninth-grade students to explore technology resources, processes, and systems that lead to enhanced career development and advanced education. Students learned through researching, visualizing, modeling, designing, simulating, prototyping, keeping journals, preparing and making presentations and demonstrations, problem-solving, role-playing, and testing.

Thirty-eight (38) Information and Communication Tech I (ICT I - 000271) programs served 9,763 seventh-grade students and thirty-three (33) Information and Communication Tech II (ICT II - 000272) programs served 8,383 eight-grade students.

Forty-one (41) Science, Technology, Engineering, and Math (STEM - 000273) programs served 9,386 ninth-grade students.

The comprehensive career planning/counseling component of Tech Prep organizes and expands career development strategies, activities, and experiences and assists all students in making realistic, achievable career plans. The career plans initiated in the seventh grade and updated annually through the twelfth grade help keep students focused on their goals.

Forty-nine (49) Introduction to Agriculture Science (010001) programs served 1,210 students and Seventy-Seven (77) Concepts of Agricultural Science (010002) programs served 2,103 students.

Two hundred eighty-three (283) Family and Consumer Sciences (199999) Programs funded through H.B. 1467 served 43,736 unduplicated students. Some students enrolled in more than one of the course offerings that included Family Dynamics in 9th through 12th grades and other optional courses, such as Child Development, Family/Individual Health, Family Living & Parenthood, Foods & Nutrition, Nutrition & Wellness, Personal Development, and Resource Management.

Secondary occupational programs provide for the development of essential, program area specific, occupational, and entrepreneurial skills for students in grades ten through twelve. Instruction in these programs incorporates structured learning activities that integrate career technical and academic objectives. Upon program completion, individuals possess marketable job skills and may enter the workforce or pursue postsecondary education, in directly related, or indirectly related occupational and technical areas with possibilities for advanced placement, or other postsecondary offerings.

SECONDARY OCCUPATIONAL PROGRAMS AND ENROLLMENTS 2010-2011

In 2010-2011, one thousand two hundred and four (1,204) secondary occupational programs served 24, 158 students.

POSTSECONDARY PROGRAMS AND ENROLLMENT 2010-2011

Postsecondary programs provide beginning, advanced, and technical, program area specific, occupational, and entrepreneurial preparation for skilled/technical occupations. These programs reflect current and emerging technologies and address the needs of industry and other employers. State-of-the-art technology used in industry and integrated academic components are incorporated in the curriculum. Upon completion of a postsecondary occupational program, individuals are prepared to enter skilled/technical level occupations.

In 2010-2011, four hundred fifty-seven (457) postsecondary programs served twenty-seven thousand, five hundred twenty-four (27,524) students.

SHORT-TERM ADULT PROGRAMS

In 2010-2011, secondary institutions serving two thousand eight hundred thirty-three (2,833) students and conducted two hundred eight (208) state funded short-term adult classes.

Eighty-six (86) federally funded short-term adult programs conducted by secondary and postsecondary districts served one thousand four hundred twenty-one (1,421) adult students.

ACCOUNTABILITY AND ASSESSMENT

The Mississippi Department of Education Office of Student Assessment, in cooperation with the Office of Career and Technical Education, has developed and implemented a customized career assessment program, Mississippi Career Planning and Assessment System (MS-CPAS), which is used to determine progress in attaining educational goals. MS-CPAS is comprised of a number of occupation-specific examinations developed by the Mississippi State Research and Curriculum Unit (RCU) for use in measuring occupational knowledge and skills. The MS-CPAS exams are administered online and scored by the Research and Curriculum unit. The occupation-specific examinations are each tailored to correspond to specific career and technical programs within the Mississippi Curriculum Framework.
